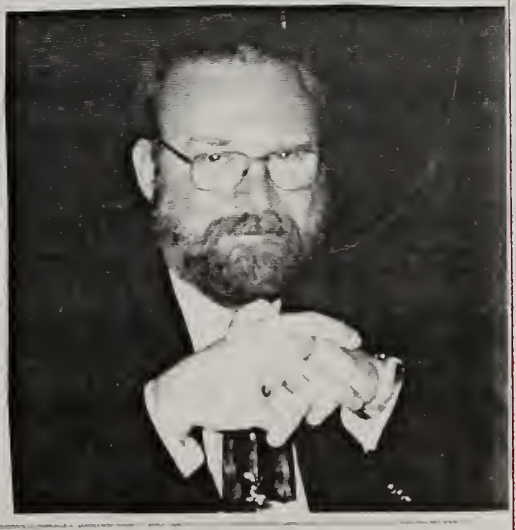
*A Message for the Students of Residence 1999-2000*

*1999 - 2000 has certainly been a very busy one! "Fall Orientation Welcome, new friends, part time work, committees, O.P.P. Christmas Parade, Y2K (or not), the New Millennium, lounge decorating, L.U. Strategic Plan implementation, Freeze the Fees, sleigh rides, exams, Winter Semi-formal, no snow and warm sunny winter days, Food Services contract tendering, elections, looking for summer jobs, semi-formal again, and exams once again.". It never ceases to amaze me at the amount of activity that takes place in a few short months. Wasn't it only last week when everyone was moving into their new home and we were having the first L.U. barbeque of the year? Now eight months later everyone is finishing off the last few assignments, preparing for exams and are looking for summer employment.*

*Lakehead continues to excel through the continued involvement of our Residence Students in many issues. The Fall of 2000 promises to be another year of change as well. The University will continue with its implementation of the strategic plan. There is going to be a complete revision of the Food Services operation as many new renovations and approaches are being initiated over the summer thereby creating one of the best, if not the best food service program anywhere upon completion! Residence will continue to upgrade the Residence facilities and to investigate avenues to implement requests from the Residence Improvement Committee and Residence Council.*

*Your stay in Residence will further your "life experiences" and will contribute to you seeking further direction as you develop your career path. Memories of new friends and new situations are ones that you will hold close for many years to come. Residence Life thrives because of your enthusiasm and involvement. I would like to think that this is what Lakehead University is about.*

*I wish all of you the best with your exams. For those who will be coming back . . . we will keep the barbeques warmed up. For those graduating and moving on to other goals . . . good luck and keep those memories of Lakehead close to your heart. Have a safe and happy summer!*



*David G. Hare*

# NORMA JEAN NEWBOLD
# RESIDENCE LIFE CO-ORDINATOR

Another year has passed! Another century has passed! Another millennium has passed! Great new doors are opening! Many changes have taken place. The students here in Residence continue to be leaders in the Community. Participation in the University Community continues to grow and flourish. I wish everyone the best now and always.

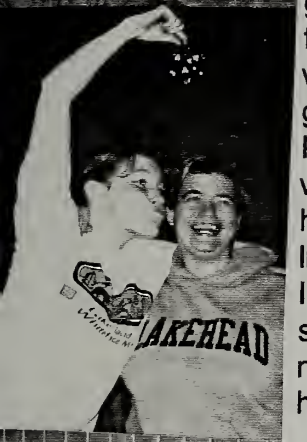
# Billi Jo Cox - Residence Programmer



I can't believe that I am actually sitting down writing my yearbook page, it seems like only yesterday I was getting prepared for the arrival of all of you res students. Boy, where did our time go?? It has been an AMAZING year with that said. So many great things have gotten accomplished this year, such great events such as FROSH fest (my fave), rez sports, semi-formals, Winter Carnivals, sleigh rides, and all those wonderful residence events.

Lakehead University is such an awesome place to be. I have been here for 3 years and I continue to meet some of the greatest people that I have ever met; each year getting progressively better (I guess that's why I chose to be Residence Programmer again and spend 4 years here!). I would like to express my sincere gratitude to every single person that I have met this year. Each and everyone of you have contributed to an wonderful year here in Residence. I would especially like to thank all the RA's; whose support and guidance was great. All of the office staff; you always make me feel so happy with your warm and helpful attitudes. David Hare; who has given me confidence in succeeding. My friends; you guys are turds. Sioux Lookout; you guys were soooo fun and I loved hanging out with you, you always made me feel so welcome! Norma Jean, I can't express how much you have helped me throughout the year, I LOVE YOU!!! Lastly I would like to thank those that "ran the show" the House Presidents, I truly love you guys, you are the spirit of this residence and you simply don't get the credit you deserve. You guys were so much fun to work with ( except when I had to get mad!!! hehehe)

Each and everyone of you have made Lakehead University Residence that more special, thank you. The best part of my job is meeting all of the different people here. SO here's to a wonderful year, you guys are great....

# YEARBOOK EDITOR

'Mayhem & Chaos' has definitely been the theme of this exciting year! I have, once again, had a great time as the Residence Yearbook Editor. To everyone who has helped me throughout the year (you know who you are) . . . Thanks Bunches!! To all of the students of residence 'Mayhem & Chaos 99/00' - remember that you can make a difference at LU so keep the spirit alive that I saw in all of you this year! You will never experience a year like your first year in rez at LU - treasure it and remember it! Thanks for all the memories and good luck in your future at LU!

# SPORTS CO-ORDINATOR

My main focus for res sports this school year, was to keep up participation in the houses, as well as having exciting sporting events. Houses participated in events, such as basketball, ball hockey, ultimate frisbee, pizza eating, and many more. Besides a few days of unpredictable weather and a minor equipment problems, res sports went very well. I would like this opportunity to thank my roommate Mary, for answering residence sports questions when I wasn't available. I would also like to give a special thanks to Jamie and Rena, for their help, support and planning for a successful res sports. And to the sports reps, thank you for your dedication ,for your suggestions, helpfulness, and the participation you brought to res sports and to the committee. I wish all of you an awesome summer and the best of luck in the next school year.

TAKING A BREAK~YEAH!

ATIKOKAN
ANIMALS

Remember the first day of the first year of the first time in your life you started your journey to getting old.
Remember the roommates, the fears, the tears, and the nerves, setting up the room, taking it apart and then rearranging it all over again.
Remember the first person that caught your eye, that same person who as a senior you still remember as your first university crush.
Remember attempting to keep in touch with high school friends, and succeeding until you realized what a phone bill REALLY meant.
Remember promising to never change, but then realizing that's an impossible promise to keep when high school has passed and you've moved on.
Remember those first friends you shared your fears with, who soon became acquaintances.
Remember those neighbours and classmates, who ended up becoming your closest friends.
Remember holding back the tears on those days when you just wanted to be home again, to feel safe again.
Remember those days you felt you couldn't relate to ANYONE, you felt you had no place, and just calling home would make it worse.
Remember those drunken nights when the times you shared with your friends will forever hold a place in your memory and your heart.
Remember those bonding nights, when you never felt closer to a certain person, and how that closeness creates ties that never die.
Remember how you never realized the importance of family, until you didn't see them everyday.
Remember telling friends the deepest secrets of your life, and knowing they'd remain secrets.
Remember the craziness of the dorm, getting sudden bursts of energy and looking for people, even total strangers, to harass.
Remember pulling all-nighters, and never thinking they were as bad as they sounded until you actually lived through one.
Remember those nights you were so drunk you held conversations with strangers and seeing them the next day and remembering.
Remember how those strangers soon became familiar faces and someone to chat with.
Remember hangovers, and promising yourself you were never going to do this to yourself again.
Remember how quickly that promise was broken.
Remember when your closet stretched throughout the whole floor and you never had to worry about a lack of clothes anymore.
Remember how over the breaks you had the chance to step back and really see the friends you made and the memories shared, and you were satisfied.
Remember thinking HOW MUCH your life has changed in just months.
Remember that dream person you thought about so much, who when they finally opened their mouth, you changed your opinion of them forever.
Remember how that person you once lived for soon became a joke and an excuse for you and your friends to laugh at yourself.
Remember the times, never forget them, even the little ones can hold the greatest meaning.
Remember to never lose touch with those friends you've made here at university, because you have all changed and grown enormously together, and that is something very sacred to be shared.
Remember to love your friends, whether they come, go, love you or hurt you, never let anyone go.
Remember you are only here for a short while, the time flies before you realize it, so make it last, make it memorable, make it the best time of your life, and make the best memories that you can carry with you for the rest of your days.
Remember this doesn't last forever so never let a day go by without living it to the fullest.
Remember to never let a day go by without a laugh.
Remember to love the ones you love, life isn't forever.
Remember the laughs; let them echo in the back of your mind.
And always remember, when you leave here in four years you are leaving with much more than you walked in here with.....

Enjoy the Atikokan Memories! LUV, Amber & Melissa

On a beautiful winter's morning on January 29, the Fort managed to get out of bed and head to the hills for a day of Tubing at Loch in the warm sunshine! With a smile on our face and mits on our hands we created memories of the snow and sun and friends.

Silverado's, Pub Nite, Coyotes and Armani's always has a great turn out from the Fort Frances house! with the girls dressed to kill and the guys chillin' and girl watching. The Fort House will continue to party it up until the sun begin's to rise!

Throughout the months at school, the Fort has managed to do some weird and very odd things. Whether it be "we have no T.V., I'll be the entertainment" or "let's make us look like clowns" or "how about duct taping people up" but whatever we did it was fun! ★

Throughout the year Random Gatherings are always happening! With music, dancing, and drinks the Fort never quiets down. From dancing to hanging people from the stairs there is always a good Kodac moment waiting to be taken with a smile! ★

Behind these walls lie secrets untold. Enter if you wish, enter at your own risk. But remember just one piece of advice, once these doors are opened, they can never be closed...

**Nipigon 2000**

Ladies and gentlemen of the Nipigon House of 2000, DRINK BEER! If I could offer you only one tip for the future, BEER would be it. The long-term benefits of BEER have been proven by scientists. Where as the rest of my advice has no basis more reliable than my own meandering experience. I will dispense these experiences now.

Remember waking up on your first day, not knowing anyone, not knowing where to go, not knowing anyone's names, just kinda going with the flow. A few days pass and you're slowly starting to feel more comfortable, the place is starting to feel like home. Faces begin to take on names and names develop in to friends.

A few weeks pass, and common interests develop. After a short time weekly climbing trips to the Bluffs and Biking trips around town become the topic of many Nipigonian dinner conversations. Birthday's come and go, and Nipigon is referred to as home. Slowly the weave of different personalities begins to tighten and Nipigonians become almost inseparable, traveling in packs and living life to the fullest.

Soon after, perhaps too soon, exam time creeps up. However in the midst of this exam studying madness was the residence formal. For this brief period the wine flowed like water and built up stress was slowly relived. It was a great evening of which the memories will stay with us for a long time to come.

Some of the most memorable times for Nipigonians would be the much beloved lounge parties, home of the bucket club. Nipigonians of past and present gathered for a peaceful sleigh ride in the country. Well it should have been a peaceful ride, had it not turned into a war of attrition. Who could stay on the sleigh the longest? This war was all forgotten when we reached the cabin. Bumps and bruises were temporarily vanished when the drinks began to flow. The Nipigonians of the past enlightened us with a few verses there forbidden melody. And a good time was had by all.

As the sunshine sets and light turns in to darkness, so too will our time in Nipigon. Love may come and go, memories may fade, but there will always be one thing that unites us all. Once a Nipigonian always a Nipigonian!

And trust me on the Beer.

By,

Alex Zeller :)

THE CANADIAN PRESS

TORONTO — The Fox network has announced that a member of Springfield's cartoon community will pass away in a February episode of The Simpsons — and the Toronto Sun says it knows who.

No, it's not Krusty the Clown, even though his bum ticker is only a seltzer attack or two away from beating its last.

Not wanting to spoil the surprise of the episode, to be aired Feb. 13, the Sun offers three possible scenarios. Take your pick:

• Say it ain't so, Moe. The cantankerous bartender, often the butt of Bart's crank calls, is run over

# Stojko wins 6th national senior title

THE CANADIAN PRESS

CALGARY — Elvis Stojko earned three perfect 6.0 marks in winning his fifth straight men's senior title, sixth overall, at the Canadian figure skating championships Saturday night.

The three-time world champion from Richmond Hill, Ont., who says he feels at age 27 as if he's skating better than when he last won the global crown in 1997, landed a quad and seven triple jumps. He skated to music from the soundtrack of the movie The Mummy, but the 4 1/2 minutes were not dead at all. Three of the seven judges awarded him a perfect 6.0 for technical content. Three gave him 5.9 and one 5.8. On the artistic impression line, six gave him 5.9 and one 5.8.

Emanuel Sandhu, 19, also from Richmond Hill finished second, while Ben Ferreira of Edmonton was third.

Sandhu fell on his quad attempt — he was one of only three of 16 who had the nerve to try the difficult jump.

*Washington Bureau, Washin*

Elian Gonzalez, the six-yea shipwreck survivor whose has aroused passions and enbroiled the U.S. Congress and courts, was reunited briefly last night with his two Cuban grandmothers. But the visit won't change the slow, tortured process of determining whether the child will be returned to his father in Cuba.

The private 1½-hour meeting was held on neutral ground, at the Miami home of Sister Jeanne O'Laughlin, a nun and president of Miami's Barry University.

"They just came to him and they hugged him and they sat down at a table and they were seeing an album of pictures," said Elian's second cousin, Marisleysis Gonzalez, [illegible]

21, who was at the reunion.

The grandmothers, Raquel Rodriguez and Mariela Quintana, did not comment as they left the meeting and were driven away to a helicopter. They flew to the United States last Friday to lobby for their grandson's speedy return.

The boy has been cared for by his Miami relatives since he was pulled from the sea off Fort Lauderdale after the sinking of a small boat. His mother and her boyfriend were among a group of Cubans who drowned in an attempt to reach Florida; Elian and two other adults survived.

Elian's relatives have filed suit in U.S. federal court seeking to overturn an Immigration Department order that the boy must be returned to his father. Juan Miguel Gonzalez, as the sole surviving parent, has the right of custody in accordance with U.S. and international law. Mr. Gonzalez and Elian's mother were divorced but shared custody of their son.

Miami's powerful and vocal expatriate Cuban community — which loathes Cuba's Communist leader, Fidel Castro — has mounted a spirited campaign to keep Elian in the United States.

The federal government will slash taxes and guarantee Canadians that inflation won't rob them of those gains in a budget Finance Minister Paul Martin says helps prepare Canada for the white-hot global competition of the new economy.

In announcing his budget yesterday, Mr. Martin said he will cut taxes by $58-billion over the next five years.

The initial impact will be small, but almost immediate. A two-income couple earning $125,000 will save about $25 a week by 2001, while a single-income family of four earning $35,000 will be ahead

**KEY POINTS**

- **$1,300 tax cut next year for two-earner family making $125,000**
- **Tax 'bracket creep' abolished**
- **Corporate tax to fall to 21% by 2004**
- **RRSP foreign**

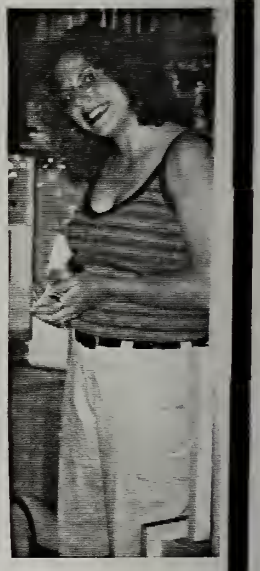
"By the end of the year, a tiny computer chip embedded in your toothbrush could be warning you about bad breath," says The Independent on Sunday. Cambridge Silicon Radio of Britain has developed the so-called Bluetooth chip, which might also be placed in a refrigerator to detect sour milk. The semiconductor is named after Harald Bluetooth, a Danish warrior of the 10th century. Presumably, only a computer would have been brave enough to tell the fearsome Viking he had halitosis.



## SAFE STREETS ACT

TORONTO.— A look at the Conservative government's Safe Streets Act, which becomes law today:

**The law:** Bans "squeegee kids" from roadways, aggressive panhandling on sidewalks and in enclaves such as bank machine kiosks and the disposal of refuse like syringes and used condoms in public places.

**The penalties:** Fines of up to $500 for a first offence; up to $1,000 or six months in jail for subsequent offences.

**The reason:** Government says Ontarians are fed up with squeegee kids in Toronto, Ottawa, Hamilton, London and other urban centres across the province.

**The protest:** Poverty activists say the Tories are sweeping the poor under the

Maverick Senator John McCain revived his bid for the White House last night with twin victories in Republican primaries in Michigan and his home state of Arizona.

THE ... BLAIR WITCH PROJECT...

The woman who married a supposed multimillionaire on U.S. national television has something in common with other Las Vegas brides: She woke up shortly after her wedding wondering, "What was I thinking?"

Now she wants her television marriage annulled. In her first interview since the Fox show *Who Wants to Marry a Multi-Millionaire?* turned the television newlyweds into an overnight tabloid sensation last week, Darva Conger, 34, told ABC's *Good Morning America* yesterday that she had gone on

NEW YORK — Kathie Lee Gifford is calling it quits after 11 years as Regis Philbin's sidekick on TV's Live with Regis and Kathie Lee.

She said on the air this morning she would not be coming back for a 12th year of the syndicated talk show.

"It's time," she told Philbin in the surprise announcement. He asked if she was kidding and she said no. They will do their final show together in July, when her current contract expires.

Marty McSorley was hit yesterday with the stiffest suspension the National Hockey League has ever given for violent play, but his agent insists the disgraced defenceman will return to the ice next season.

## The Beginning's End

As I sit and look through the photos,
Laughs, cries and memories
I begin to realize how much this place
I call a jail changed me.
How much I'm going to miss it all.
How long the friends I've made
will stay with me.

As the tears slowly roll down my face
when I read the yearbook scribbles
and see the empty walls,
I notice the emotions
I've picked you as I gained my independence
and adulthood.
The colour I've put into everyone's lives,
And the kindness they added to mine.

As I get up and walk away from it all,
I see the truth in everything, everyone
Ans find meanings to life.
The images will remain.
The thoughts will linger.
The beginning has only just begun.
